Director, Washington Department of Fish and Wildlife  
600 Capitol Way North  
Olympia, WA 98501-1091

Dear Dr. Koenings:

I want to personally thank you for the efforts of your staff during the Rex Creek Fire on the Wenatchee National Forest. Your staff provided logistical support for our suppression resources to navigate Lake Chelan by boat. The efforts of your staff enabled us to provide structure protection for homes along Lake Chelan.

It is most reassuring to us as an Area Command to assist a forest when there is such strong support from our agency partners.

Thank you very much!

Rex Mann  
Area Commander
